One (1) Ph.D. Student Position

[Ref # PAR-0817]

The research group of Prof. Kyriaki Sidiropoulou invites applications for one (1) motivated Ph.D. student to assist with the analysis of electrophysiological data from epileptic mice that have received (or not) novel anti-epileptic drugs.

About the lab

The Neurophysiology and Behavior Laboratory at IMBB uses a multidisciplinary approach to understand the cellular mechanisms of learning and memory in health and disease.

About the project:

Dravet Syndrome (DS) is a devastating form of epilepsy caused by loss of function of NaV1.1 (80-90% of cases), the predominant voltage-gated Na⁺ channel expressed in inhibitory (GABAergic) interneurons in the hippocampus and prefrontal cortex. This causes a decrease in the release of inhibitory neurotransmitter (GABA), resulting in hyperexcitability. Two small molecule monotherapies have been approved recently by the FDA: Epidiolex (Cannabidiol or CBD) in 2018 and Fintepla (fenfluramine or FA) in 2020 for patients two years of age and older. Even though they reduce the frequency of seizures, these drugs at their effective dosages cause multiple side effects. In an effort to reduce the doses used to reduce epileptic activity, we have developed GAT1508, an agonist of GIRK1/2 potassium channels, and have shown ex vivo that it works synergistically with CBD and FA. Our collaborators in Harvard are performing now in vivo electrophysiological recordings to determine whether the synergism also holds true in this context. The Sidiropoulou lab will contribute by analyzing the electrophysiological data generated.

Job Description:

Analyze the electrophysiology data of neuronal excitability in the cerebral cortex and the hippocampus.

Required qualifications:

- BSc in Biology, Medicine, Chemistry or related field
- Master's degree in Neuroscience
- Current PhD candidate enrolled in a Greek University
- Oral and written skills in the English language

Desired qualifications:

- Experience with analyzing local field potential and/or EEG recordings

	Evaluation criteria	Maximum score
1.	B.Sc. degree grade (Score points = grade x 2)	20
2.	Master's degree (Score points = grade x 2)	20
3.	Enrolment as a Ph.D. student in a Greek University	YES/NO
3.	Relevant laboratory experience (1-3 months = 10 points, 3-6 months = 20 points, 6-9 months = 30 points, >9 months = 40 points)	40
4.	Oral and written skills in the English language (B1 = 5 points, B2 = 10 points, C1 = 15 points, C2 = 20 points)	20
Total score		100

Contract Duration: 9 months with the possibility of extension according to the project needs

Total budget: 1140 € monthly (scholarship)

Envisaged starting date: 1/1/2026

Application submission: Interested applicants should submit their application electronically by **November 1st, 2025**

The application should consist of:

1. Application Form (see below)
2. CV
3. Brief statement of purpose
4. The names and contact details of two referees
5. Scanned copies of academic titles
6. Scanned copies proving all the qualifications
7. Certificate of enrollment in a PhD program from a Greek University

Submission of applications: par0817@imbb.forth.gr

Evaluation procedure

Applications will be evaluated by a three-member evaluation committee. In case of interview procedure, applicants will be invited to participate in person or teleconference.

In case of titles and qualifications awarded by foreign Higher Education Institutions, the provisions of the Law 55/2023 (article 36) and 4957/2022 (article 304) are implemented.

The results of the selection will be announced on the website of IMBB-FORTH. Applicants have the right to appeal the selection decision, by addressing their written objection to the IMBB secretariat within five days since the results announcement on the web. Objections are submitted in one of the following ways: in person, by an authorized person, by post, by courier. They also have the right to access (a) the files of the applicants as well as (b) the table of applicants' scores (ranking of applicants results). All the above information related to the selection procedure will be available at the secretariat of IMBB-FORTH in line with the Hellenic Data Protection Authority. Access to personal data of co- applicants shall be limited to personal data (and relevant data) and supporting documents which have been the basis of the evaluation of the applicants for the specific post(s). Prior to the announcement of the personal data and/or documents of the co- applicants to the applicant, FORTH will inform the data subjects in an appropriate way.

The selected applicants will be notified personally regarding the success of his/her application and will be requested to submit certified copies of his/her degrees. If the submitted documents do not agree with the original application, the applicant will be dismissed.

Throughout the duration of the project, and if there is a need to replace persons selected in accordance with this Call, the replacement will be carried out by selecting - based on score/point allocation - another candidate(s) from the compiled ranking list.

In the event that for any reason the funding provided for the project is interrupted, FORTH-IMBB reserves the right to interrupt the execution of the contract with a special declaration of interruption and without compensation.

FORTH-IMBB does not undertake any commitment to conclude a contract and is entitled to cancel or repeat the procedure without obligation to pay any compensation, excluding any relevant claim by the candidates.

Participation in this call for expressions of interest implies full acceptance of the terms of this.

GDPR Disclaimer

FORTH is compliant with all legal procedures for the processing of personal data as defined by the Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data. FORTH processes the personal data and relevant supporting documents that applicants have submitted. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data up to the announcement of the final results of the call, unless further process and reservation is required by law or for purposes of exercise, enforcement, prosecution of certain one's legitimate legal rights' as defined in the Regulation EU/2016/679 and/or in national law. Under the Regulation EU/2016/679, applicants have the rights to be informed about their personal data, access to, rectification and erasure, restrictions of process and objection to as provided by applicable regulation and national laws. Applicants have the right to file a complaint to the national Data Protection Authority. For any further information regarding exercise of personal data protection rights, applicants may contact the Data Protection Officer at FORTH at dpo@admin.forth.gr.

Applicants have the right to withdraw your application and consent for the processing of personal data at any time. In this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.

APPLICATION FORM

Name: _____
 Surname: _____
 Date of birth (dd/mm/yy): _____
 Address: _____
 Telephone number: _____
 Email address: _____

TO
FOUNDATION OF RESEARCH AND TECHNOLOGY (FORTH)
INSTITUTE OF MOLECULAR BIOLOGY AND BIOTECHNOLOGY

Hereby I submit my application for the position:

In the framework of the project: _____

Position code [Ref #] _____

Submitted with this application:

1. _____
2. _____
3. _____
4. _____
5. _____

I certify that:

- A) I accept the terms and conditions of the job announcement
- B) I possess all the necessary certificates and documents and I can present them in their original form to the committee without any delay if I am asked to do so
- C) I am able to complete the project within the foreseen time -frame
- D) all the information given in the framework of this application are accurate and true.

Date: _____
